PHOTO OPPORTUNITY: VACCINE POD

The County of Santa Cruz will be holding a vaccine distribution for Phase 1A health care workers tomorrow at Dignity Health Dominican Hospital. While the point-of-distribution (POD) is not open to the general public, interested members of the press are invited.

The POD will serve about 150 Phase 1A-eligible residents. The effort represents an extension of the County's partnership with local health care providers to distribute the vaccine to 14,700 local Phase 1A residents, including through Dominican Hospital. Local health care providers are also making vaccines directly available to this population, as well as eligible members of their own networks, in an effort to distribute limited supplies of COVID-19 vaccine to as many people as possible.

Photographers are asked to refrain from using identifying images of patients without their consent.

WHEN: Thursday, Jan. 21, 2021, 11 a.m.-noon
